K1

Grade Level

Name of Activity

Traffic safety rules

Objective(s)

- Understand traffic facilities and experience observing traffic rules

Brief Descriptions:

The K1 class went to the "Sha Tin Road Safety Park" for outdoor experiential learning. The traffic police introduced the traffic facilities on the road and allowed the children to experience the correct behavior of passengers and drivers on the road and the safety facilities on different roads through situational play, so as to further understand the matters to pay attention to when crossing the road. Improve their good behavior of obeying traffic rules, and at the same time strengthen children's safety awareness when crossing the road.
